PROFESSIONAL SUMMARY

Full Stack Software Engineer with 5+ years of experience delivering web and mobile applications in banking and insurance. Experienced with Angular, React, TypeScript, Java, Spring Boot, REST APIs, and AWS. Independent SaaS builder with a published iOS application using on-device AI.

TECHNICAL SKILLS

Frontend & Mobile: TypeScript, JavaScript, React, Angular, Ionic, React Native, SwiftUI
Backend & Data: Java, Spring Boot, C#, .NET Core, Node.js, REST APIs, SQL Server, PostgreSQL, Supabase
Cloud & Delivery: AWS (API Gateway, S3, Fargate), CloudFormation, Docker, CI/CD, Azure DevOps, Scrum
AI: Applied Apple Vision & Apple Intelligence; exploring Claude Code, agent workflows, MCP, local LLMs, AI security, SDD/ASDD/ODD

PROFESSIONAL EXPERIENCE

BANCO GENERAL | Full Stack Developer | Sep 2022 - Present

- Develop and enhance consumer mobile-banking features with Angular, Ionic, Java, Spring Boot, REST APIs, and AWS for a banking platform serving more than 1 million users.
- Contribute to the commercial banking mobile app by integrating payment SDKs that support Tap on Phone transactions on compatible devices.
- Deliver new features and user-experience improvements while maintaining production applications in a regulated financial environment.

ASSA COMPANIA DE SEGUROS | Programmer Analyst | Oct 2020 - Aug 2022

- Developed backend services with C#/.NET Core and web/mobile interfaces with React and React Native for insurance customers.
- Collaborated on JavaScript/TypeScript applications, databases, Agile/Scrum processes, and Azure DevOps workflows.

DIPROCESS | Junior Web Developer | 2019 - 2020

- Built and maintained client websites using HTML5, CSS3, and JavaScript; developed REST APIs with C#/.NET Core.
- Designed SQL Server databases and supported CI/CD automation with Azure DevOps.

SELECTED PROJECTS

WRAPPEDME | iOS Developer | Published on the App Store

- Built a native SwiftUI iOS app that transforms photo libraries into recaps using on-device Apple Vision and Apple Intelligence; prioritizes private local processing.

PANALOYAL | SaaS Founder & Developer

- Built a digital loyalty SaaS with QR enrollment, wallet passes, customer insights, rewards, and campaign automation using Next.js and Supabase. panaloyal.com

EDUCATION & CERTIFICATION

Universidad Tecnologica de Panama | Software Development degree requirements completed
AWS Certified Cloud Practitioner | Previously earned; current status to verify
